# girls EXPLORING TRADES & TECHNOLOGIES CONFERENCE

SkillsAlberta.com

May 11, 2012

Edmonton Expo Centre  
Edmonton, Alberta

**Help girls GETT ideas, information and inspired about a career in the trades and technologies!**

Skills Canada Alberta is excited to present the 11<sup>th</sup> Annual GETT Conference! Held in conjunction with the 2012 Provincial Skills Canada Competition and Skill City. GETT highlights to high school girls the endless career opportunities in the trades and technologies.

A key feature to the GETT Conference are round table discussions hosted by women mentors working in various trade and technology sectors. The mentor's stories, experiences and knowledge will motivate students to open their minds to the diverse career paths available in today's most dynamic industries.

The mentors also hit the competition floor with the girls as they participate in our popular Try-A-Trade<sup>®</sup> demonstrations and complete the GETT Challenge that pushes the girls to visit every part of the competition floor!

This interactive, fun-filled day includes DOZENS OF TRY-A-TRADE<sup>®</sup> HANDS-ON DEMONSTRATIONS, entertaining keynote speakers, team activities, tours of the competition areas, fun contests, great door prize draws and much more. Students will see first hand the success they can find in careers ranging from computer animation to carpentry, tv/video production to baking, and sheet metal to plumbing.

Help show that career opportunities are endless when you roll up your sleeves and open your mind!
