

20th ANNUAL PROVINCIAL SKILLS CANADA COMPETITION

# SKILLS20

## BRING SKILLS TO YOUR SCHOOL!

### HOST A CLASSROOM PRESENTATION & LEARN

- How students can travel the world utilizing their skills
- What careers are in most demand
- How to turn a hobby or interest into a fulfilling career
- How the choices students make in high school serve as a launching pad for future success

In 2012, Skills Canada Alberta will be inspiring and informing students about their future career paths, and sharing information on our Regional, Provincial, National and WorldSkills Competitions.

Given current and future demand for trade and technology positions within our country and particularly Alberta, we want students to have additional information to assist in their post-secondary and career planning.

Our ultimate goal is to change the way students think about careers in the trades; that hands-on, well-paying work, is a first class career choice!

The presentation will open your students mind to the possibilities available to them when they think BIG!

For information or to book a classroom, professional development day or conference presentation contact:
