

ROBOTICS REGISTRATION 2019

Skills Canada Alberta is pleased to host Robotics as an event at the 2019 Provincial Skills Canada Competition (PSCC). Registration for Robotics opens earlier than the other events hosted at the PSCC due to the significant work required to be done by students prior to the competition.

Robotics registration opens on **October 3, 2018 at 8:30 am** and is administered on a first come, first serve basis. The contest description for Robotics will be available online in January 2019.

Registration Procedure for Robotics

Your school must be registered with Skills Alberta to be able to participate. Registering as a Skills School is free of charge, visit skillsalberta.com and select *"Become a Skills School"* under the Resources tab.

The registration fee is \$100 per team. Invoices will be sent out following the event. Team withdrawals after **April 10, 2019** will be charged a \$60 cancellation fee.

Registration Steps:

- Login to the registration portal and select the "Provincials" tab.
- Once registration opens click on the green "Add New" button and select "1 spot." A team of two will be added under "Registered Participants/Teams".
- If a spot is not available or if you would like to request a spot for additional teams, click on the green "Add New" button in the Waitlist Request section. Waitlist requests will start being granted after **February 20, 2019**.
- Enter in the students' information in their team grouping. You will be required to provide each student's first name, last name, parent/guardian's name and email. An online waiver will be sent directly to the parent/guardian and will be marked as completed once it has been filled out. Do not press the "Delete" button unless you would like to remove your entire team and no longer wish to participate in the Robotics competition.
- All waivers must be completed by the end of day on **April 24, 2019**.
