# WHO WE ARE

## SKILLS CANADA ALBERTA

Skills Canada Alberta (SCA) brings together the skilled leaders of today, to develop and recognize the skilled talent of tomorrow. Our partners in education, industry, labour and government are connecting with a generation eager to build their skills and talents and launch their careers. SCA is a not-for-profit, provincial association which promotes skilled trades and technology careers to Alberta's youth. We are also the provincial branch of Skills/Competences Canada (SCC), which operates nationally as well as in all provinces and territories, and is the first step to qualifying for the WorldSkills Competitions.

# WHAT WE DO

## FROM THE REGIONAL TO PROVINCIAL AND NATIONAL STAGE!

March 2-18, 2021, SCA will host Regional Skills Canada Competitions (RSCC) in nine event areas for students across Alberta. Each contest area will be hosted virtually, in-school on their own day as a combined ALL region competition. During the one-day RSCC, each student specializes in one event area and must complete a project that has been designed by experts in that field. Competitor packages will be mailed out directly to schools on February 24 + 25, 2021.

Provincial spot allocation will remain the same as previous years, with the top performers from each region advancing to the 29<sup>th</sup> Provincial Skills Canada Competition (PSCC), hosted virtually, April 14—23, 2021. Gold medal winners at the PSCC will become part of Team Alberta and will compete at the Skills Canada National Competition (SCNC), which will also be hosted virtually.

The following contest areas require qualification through a Regional Skills Canada Competition to compete Provincially: Baking, Cabinet Making, Carpentry, Culinary Arts, Hairstyling Junior, Hairstyling Intermediate, Video Production and Welding.

\*Automobile Technology is a regionalized event, but will be a direct to Provincials event for 2021.

# WHAT DO YOU NEED?

## CONTEST DESCRIPTIONS

Each competition area has a Contest Description. A Contest Description outlines the purpose of each challenge, the skills and knowledge to be tested, the clothing and equipment required to be brought by the competitor, the related Career and Technology Study courses, and the judging criteria. All events are for individual competitors unless otherwise indicated. SCA encourages you to check our website regularly for the latest versions of the Contest Descriptions. Please note that students that do not comply with the safety requirements outlined in the Contest Description will be disqualified. Please carefully review the safety equipment required to be brought by the competitor to avoid disqualification. Contest Descriptions and Projects can be found at [SkillsAlberta.com/competition/events](http://SkillsAlberta.com/competition/events).
