

We are excited that you'll be joining us for SkillsXibition this year! Below are a few important pieces of information that you will want to read to ensure you are ready for your activity! All pre-recorded demonstration videos will be posted online by May 26<sup>th</sup>.

### REQUIRED MATERIALS & SUPPLIES

#### **Skills Canada Alberta Supplied Materials:**

1 per each student:

- 12" x 3.5" piece of sheet metal
- 3ft. USB charging chord
- LED USB light (various colours)
- Cable tie mount with adhesive back
- Zip tie
- Safety glasses
- Safety gloves

Shared tools:

- Bending tools (orange colour)
- Tin snips (left bend, right bend, centre)
- Sharpie markers

#### **School Supplied Materials:**

- Ruler (in inches)

### **SAFETY PRECAUTIONS**

- Safety gloves should always be worn when using sheet metal. Edges and corners are sharp. Use gloves and take caution when unpacking sheet metal pieces (which come bubble wrapped).
- Safety glasses should be worn during the construction of the project. Corners will be trimmed to remove sharp edges and pieces may fly off when clipped.
- Tin snips should be latched when not in use.
