

# 30 YEARS SKILLS - CELEBRATE AND ELEVATE ENHANCEMENT GRANT

## GRANT INFORMATION

In celebration of Skills Canada Alberta's 30th anniversary of promoting trade and technology careers to Alberta youth, we are awarding multiple equipment enhancement grants with a combined value of over \$100 000 to eight Alberta high schools. There are four grants available to enhance programming in woodworking, automobile technology, hairstyling, and fashion technology, as well as four additional equipment packages for culinary arts and baking. High schools within Alberta are able to apply for multiple areas but will only receive one grant if they are selected. All applications are due by **Thursday December 2, 2021**, by 7:30pm.

## GRANT STIPULATIONS

- Grants are designed to enhance your existing program or create a new program within your school
- Once awarded, all orders must be placed in full with the listed supplier within one month of being notified. Credit with the supplier cannot be carried over
- Delivery and Installation costs are the responsibility of the school unless specified otherwise
- Equipment must be installed within 4 months from receiving it
- Equipment must not be sold or gifted to other schools/individuals
- Equipment must be in the school for a minimum of 10 years or the lifespan of the equipment
