### CONTEST INTRODUCTION

To evaluate proficiency in the video communications fields. This event gives students an opportunity to explore the field of Digital Video Production, while completing the challenge of creating a short video based on provided topic matter and theme.

### SKILLS AND KNOWLEDGE TO BE TESTED

The project should:

- Be a minimum of 1 minute to a maximum of 1:15 minutes in length
- Be interesting and informative while maintaining a focus
- Have a beginning, middle and end
- Exhibit an appropriate pace that keeps viewers interested
- Incorporate location sound and/or voice over narration
- Demonstrate effective time management

Create a one page Microsoft Word document or pdf, single-spaced. Submit on the provided USB stick with their video, stating the following:

- Target audience
- Goals and objectives
- Approach/treatment
- Equipment used
- Innovative solutions to problems

## PROJECT DESCRIPTION

Competitors will create a 1 minute video using a provided theme, a provided target audience, and provided goals and objectives. This theme will be provided the morning of the competition. The production will incorporate camera work, storytelling, audio, video editing, and style. The Portage College campus will serve as the setting for the production, with all work occurring in the confines of Portage College. No footage captured prior to the competition is allowed to be used. All footage must be captured during the competition hours and on the school property. The use of footage or images downloaded from the Web (YouTube, Google Images, etc.) will result in disqualification. If your project includes people other than the registered competitors, please have them fill out the photography/media consent and release form (listed below) and submit it with your project.

## Recommendations:

- Obtain as much information about the subject as you can. As a team, discuss different options for a possible approach and then go with the one that seems the most appealing and original.
- Begin the project with as much of a detailed plan as possible but don't be afraid to deviate from it if better ideas come up during shooting or editing.
- Consult with experts either on-camera or off.
- The focus should stay true to the topic.
- Backup and save work regularly.
- Teams can bring backup equipment in case of malfunctions but can only use one editing system at a time (including music and graphics). All backup equipment must only be used in emergency situations and stored away within the boundaries of the competition site.

## EQUIPMENT & MATERIALS

### Equipment and Materials Competitors Must Supply:

- One computer with video editing software. Must be able to export a 1920x1080p H.264 file format (.mov/.m4v/.mp4). Tape-based outputs cannot be utilized
