## INSPIRE. DEVELOP. ELEVATE.

Skills Canada Alberta (SCA) is a leader in the development of innovative, hands-on learning experiences for youth in Alberta. By creating the conditions for young people to succeed in the trades and technologies, we aspire to reposition skilled work as a preferred career pathway for Alberta's youth. SCA offers programming that is designed to inspire, develop and elevate youth in trade and technology careers. **We have helped thousands of students to explore the rewarding career paths that are waiting for them in the trade and technology sectors.**

Our programs are exciting and dynamic and foster creativity and curiosity. Students work with their hands, make real connections with potential employers, and think creatively about problems outside of the traditional classroom setting. **SCA is proud to support the future workforce as they discover the skills that will help them to succeed – both in their careers and in the rest of their lives.**

## YOUR FUTURE WORKFORCE IS HERE!

It's no secret there is a forecasted shortage of skilled trades workers and technologists to fill vacancies created by expected retirements and strong economic growth in the province of Alberta.

**Skills Canada Alberta is addressing this skills shortage** by engaging with thousands of youth to showcase careers in skilled trades and technologies through creative, hands-on programming and events.

Through strong partnerships with industry, government, post-secondary institutes, and alumni, SCA is the hub for students to explore future careers in skilled trades and technologies, with a focus on experiential learning and connection to our network of industry professionals and alumni.

SCA works to ensure that industries related to trades and technologies, which are crucial to Alberta's continued development and economic success, will be well-equipped with a highly trained and motivated workforce.

# EMPOWERING GEN Z

At Skills Canada Alberta, our Gen Z audience is EVERYTHING!

We want to understand, to reach and to empower youth to make the most informed career decisions at a critical stage of their lives. As we work to connect young people to the world of skilled trades and technology careers, we also work with you to **connect your brand to the things that matter to Gen Z.**

We create content that mirrors what Gen Z care about including:

Mental Wellness—we blend career exploration and personal well-being to help students make the connection between self-awareness and career fulfillment.

Skill Development—Gen Z like to do things, and we like giving them things to do through hands-on activities in every Skills Canada Alberta program.

Influencers—Gen Z admire hard-working attitudes and authentic personalities of social influencers. We tap into our Alumni and competitors to be role models and influencers of trade and technology careers.

## SOCIAL MEDIA

We work with you to create exclusive, meaningful engagement across our social media channels. This gives you the opportunity to promote your brand and message to Skills Canada Alberta's coveted audience through Live Take-Overs, timeline posts, Insta story quizzes, polls or 'ask us anything' content.

## OUR COMMUNITY

**Facebook:** Skills Canada Alberta

Content is uniquely created to maximize engagement with each of the above platforms and their audiences. While creating content, we focus on the following humancentric interactions:

***Edu-tainment (engaging & informative)***

Does the content capture the targeted viewers attention, and can they learn something?

***Relatable Stories***

Does the content resonate with the targeted audience? Is it age appropriate?

***Real Conversations***

Does the content feel like a casual conversation or more of a formal informative post?

# HELP LEAD THE SKILLS MOVEMENT

Skills Canada Alberta offers dynamic, hands-on programs targeted to junior high, high school and post-secondary students across Alberta. Whether it's through our year round education programming or our flagship event, the Provincial Skills Canada Competition, a partnership with SCA will help you to connect with your target audience.

## SKILLS IN THE CLASSROOM

Inspired by our motto of Inspire, Develop, Elevate, we want to support students to 'be the best you' and cultivate a champion mindset in all aspects of their lives. Our goal is to help students ignite a spark and provide them with tools to help guide them through their future career exploration to thrive and succeed in whatever they choose to do.

Teachers can select any or all of the 3 presentation options (large scale, workshops and individual learning) to suit the needs and goals of their students. The program is held in a hybrid format of virtual or in person, led by our Educational Facilitator.

- **SKILLS EXPLORATION DAYS**

Influence students at a pivotal point in their education journey. Inspire youth to connect their inherent skills and interests to careers in the trades and technologies, with a program that promotes creativity, empathy, and exploration through experiential learning.

This year, SCA will host Skills Exploration Days virtually, with career exploration and legacy tool kits provided. This allows even more students to access the program and explore opportunities in the trades and technologies.

- **1 day—virtual**
- **Legacy toolkit and in-class teacher resource**

## GIRLS EXPLORING TRADES AND TECHNOLOGIES

Inspire young women in Alberta to have the courage to discover and develop their interests and talents in areas they are passionate about. GETT highlights the various career opportunities available to young women in the trades and technologies and encourages girls to think outside the box and try new things.

## TRY-A-TRADE® & TRY-A-TRADE® TAKE-OUT

Engage students by transporting them to your industry, through hands-on activities that are modelled on day-to-day jobs at your company. A popular staple of the PSCC, Try-A-Trades® provide supported hands-on activities that leave a lasting impression on students.

Try-A-Trade® Take-Out activities are targeted to rural and indigenous youth, and provide all the tooling and material to complete projects in the classroom.

# SKILLS COMPETITIONS

The Provincial Skills Canada Competition (PSCC) brings trade and technology careers to life by inviting high school and post-secondary students to discover, build, and refine their skills. The philosophy of the PSCC is to reward students for excellence, to directly involve industry in evaluating student performance, and to keep training relevant to employers' needs.

During the competition, students specialize in one of 46 different event areas to work on a project that has been designed by experts in each field. Gold medalists at the PSCC are further rewarded with a spot on Team Alberta and an opportunity to showcase their talents at the Skills Canada National Competition, with the opportunity to then advance to the WorldSkills International Competition.
