

Contest Description

Edmonton Expo Centre, Edmonton

May 8 & 9, 2024

EVENT: Mechatronics (Teams of Two)	LEVEL: Post-Secondary																
WORLDSKILLS TRADE #: 4	LOCATION: Hall A, Edmonton Expo Centre, Edmonton																
DURATION: 12 Hours (Two Days)	EQUIPMENT DROP OFF, SET-UP AND TESTING MAY 7: 4:00PM – 5:30PM																
COMPETITION SCHEDULE:																	
May 8:	May 9:																
<table border="1"> <tr> <td>ORIENTATION</td> <td>8:00AM-8:30AM</td> </tr> <tr> <td>COMPETITION</td> <td>8:30AM-11:30AM</td> </tr> <tr> <td>LUNCH</td> <td>11:30AM-12:00 NOON</td> </tr> <tr> <td>COMPETITION</td> <td>12:00 NOON-4:00PM</td> </tr> </table>	ORIENTATION	8:00AM-8:30AM	COMPETITION	8:30AM-11:30AM	LUNCH	11:30AM-12:00 NOON	COMPETITION	12:00 NOON-4:00PM	<table border="1"> <tr> <td>ORIENTATION</td> <td>8:00AM-8:10AM</td> </tr> <tr> <td>COMPETITION</td> <td>8:10AM-11:30AM</td> </tr> <tr> <td>LUNCH</td> <td>11:30AM-12:00 NOON</td> </tr> <tr> <td>COMPETITION</td> <td>12:00 NOON-3:00PM</td> </tr> </table>	ORIENTATION	8:00AM-8:10AM	COMPETITION	8:10AM-11:30AM	LUNCH	11:30AM-12:00 NOON	COMPETITION	12:00 NOON-3:00PM
ORIENTATION	8:00AM-8:30AM																
COMPETITION	8:30AM-11:30AM

LUNCH	11:30AM-12:00 NOON																
COMPETITION	12:00 NOON-3:00PM																
*The times may vary- subject to participant progress.																	

Please Note: This document is subject to change as competition information is updated. Competitors are responsible for staying up to date with the most recent information. Check the footer for last updated date. Changes will be highlighted in yellow.

CONTEST INTRODUCTION

The Mechatronics competition involves building of electro-mechanical stations to comply with engineering documentations including operational specifications and schematic diagrams. Competitors should have a sound knowledge in the multidisciplinary areas of mechanics, electronics, and automation controls.

By means of practical exercise, measure certain skills that every technologist must master in the field of Mechatronics (technology combining electronics and mechanical engineering).

- Project is completed in teams of two
- Open to Mechanical, Electro-Mechanical, Automation and Instrumentation Technology sector

SKILLS AND KNOWLEDGE TO BE TESTED:

- Interpret and use electronic, electrical, pneumatic and mechanical documentation or schematics.
- Install and commission electrical, pneumatic and mechanical systems.
- Configure, program, test and modify a sequential mechanism controlled by a Programmable Logic Controller (PLC).
- Ensure operations conform to specification documents.
- Practice skillful trouble-shooting techniques.
- Execute project tasks with speed.

EQUIPMENT & MATERIALS

Equipment and Materials Competitors Must Supply:

- 2x PLCs or 1PLC and remote I/O with at least 16 Inputs / 16 Outputs each and a computer with PLC programming software and other necessary cables and tools. Connections between the PLC's and workstations will be specified in the project.
 - A power supply (120 VAC to 24VDC) rated at least 4.5 amps should be used to power each PLC and the MPS station.
 - All PLC inputs shall be sinking inputs. The sensors and buttons shall switch (source) +24VDC to each PLC input. Sensors are PNP type and shall source the current and the PLC input module will sink the current.
 - All PLC outputs shall be sourcing outputs. The output shall switch (source) +24VDC to turn an individual load on. The load shall sink the current to 0VDC (Ground).
 - The PLC outputs should be at least 400 mA. All I/O must be 24VDC.
 - Each team will be provided with tables. Mounting the PLC on a back-plate is recommended.
 - Preprogrammed software (software/hardware macros, add-on instructions, libraries, any code/files that are not created during the competition, etc.) cannot be used unless otherwise authorized by PTC. Only PLC/HMI software, CAD Viewer and Windows will be allowed on this computer. Computers may be inspected by Judges at any time.
- 2x SysLink (IEEE 488) cable connectors (as specified in the posted test project) will be connected to each PLC/Remote I/O (4 in total)
 - The wiring details can be provided on request to the Provincial Technical Committee (PTC).

- There are no restrictions on the wiring to the PLC, but it is recommended to have the same wiring instruction that comes with the SysLink cables. The only wiring that is checked in the competition are the ones connected on the MPS station terminal.
- These cables should be connected to the PLC before the competition.
- One PLC may be replaced with a remote I/O module of your choice
- Multimeter (VOM)
- Recommended set of screwdrivers
 - Pozi Drive PZ0, PZ1
 - Philips #0, #1
 - Flat 1.2, 1.6, 2.5mm
- Recommended set of metric hex keys.
 - 1.5, 2, 2.5, 3, 4, 5, 6, 8, 10 mm
- Recommended open ended metric wrenches
 - 7, 8, 9, 10mm
- Adjustable wrench
- Wire stripper
 - .25mm² to 1.5mm² (AGW 24 – 16)
- Side and flush cutters
- Weidmueller AM25 AM35 or equivalent
- Tubing cutter (maximum opening shall not exceed 8mm)
- CSA Approved Safety glasses
- Power bar and Extension Cord
- The total volume of all equipment and supplies brought by the competitors shall not exceed 1.6 m³.

Important Note: The computers used for programming the PLC can have any other software application and can contain any files except previous PLC programs, custom libraries or related importable files. NO Internet connection will be allowed on any computer and NO cell phones or other electronic devices are permitted during the competition.

Bring Your Own Device (BYOD) Information

IMPORTANT: Competitors are required to bring their own device and software that meets or exceeds the stated requirements for their competition. Each competitor can choose their own device and software, so their workflow and process are what they are familiar with. If competitors are bringing a computer or laptop from their school (instead of their personal computer), please ensure that the computer is unlocked allowing for USB sticks, documents and possibly software to be saved/installed to the hard drive and IT support can be properly provided onsite. This may require administrator

privileges to access the CMOS settings. All USB sticks provided for competition use will be cleared and inspected prior to being used.

Note, computers must remain inside the competition area for the duration of the competition from the time the competition begins on Day 1 to when the competition ends on Day 2 (including overnight). Competitors may supply their own locking cables if they wish.

Equipment Set-Up and Testing for all event areas that are Bring Your Own Device will be held on Tuesday May 7, 2024, at 4:00pm (before opening ceremonies/registration).

Equipment Set-up and Testing (for BYOD events)

Before the Opening Ceremonies and registration, students who are competing in technology-based events that are a BYOD event will be given an opportunity to set up and test their equipment to ensure their equipment is fully functional and networked (where required) prior to the start of the competition. Only accredited students and educators will be permitted into the competition site for equipment drop off and testing. Students who miss the equipment and setup testing opportunity will need to set up their equipment AFTER the mandatory COMPETITOR ORIENTATION time on the day of competition. Any time that is required to set up and test their equipment on the competition day will be part of their overall competition time. The competition time for these competitors will NOT be extended.

Test Project change at the Competition

Where the Test Project has been circulated to Competitors in advance, PTC can change a maximum of 30% of the work content.

Equipment and Materials Supplied by the Committee:

- Modular Processing Stations (MPS®): A model of a real product handling system from Festo Didactic
- Pneumatic Tubing
- Wires
- Tie-wraps
- Compressed Air

JUDGING CRITERIA

Final judging criteria will be made available at the competition time. A sample of similar criteria is available in the test project.

TIE BREAKING PROCESS

In the event of a tie, secondary evaluation will be based upon performance in a pre-determined judging sub-category to determine gold.

SAFETY

The health, safety and welfare of all individuals involved with Skills Canada Alberta are of vital importance. Safety is a condition of participation with Skills Canada Alberta and shall not be sacrificed for the sake of expediency. At the discretion of the judges and technical committees, any competitor can be denied the right to participate should they not have the required proper safety equipment and/or act in an unsafe manner that can cause harm to themselves or others.

Additional Safety Requirements (provided by competitor):

- Competitors are to be dressed in a clean and appropriate manner. The Mechatronics contest requires that you wear long pants, closed toed shoes and safety glasses when required.
- At the discretion of the judges and technical chair any competitor can be removed from the competition site for not having the proper safety equipment and/or not acting in a safe manner
- Jewelry such as rings, bracelets and necklaces or any deemed unsafe by competition judges and shall be removed*
- Only approved shop attire (no loose straps, baggy sleeves or any item deemed unsafe by competition judges) is permitted*

*Competition judges and safety personnel will have final authority on matters of safety.

Second-chance Voucher

- One second chance voucher will be provided for the complete competition time.
- The voucher allows the competitors to get a second evaluation for PLC programs evaluation. They will be allowed to do minor adjustments (2 minutes maximum) to the stations or PLC programs.
- In the case where the second chance voucher is used, the first evaluation time will be added to the time used to complete the task.

ADDITIONAL INFORMATION

Skills Canada Alberta Regional and Provincial Rules and Regulations

[Regional and Provincial Rules and Regulations](#)

Test Project change at the Competition

Where the Test Project has been circulated to competitors in advance, PTC can change a maximum of 30% of the work content.

Lunch

Lunch for competitors will be provided by Skills Canada Alberta.

Parking & Venue Maps

<http://edmontonexpocentre.com/attend/parking/>

Parking is FREE for all attendees.

Opening Ceremonies / On-site Provincial Competitor Registration

Opening Ceremonies for the PSCC will take place on Tuesday May 7, 2024, at 6:00 pm in Hall D of the Edmonton EXPO Centre. Admission is free, and everyone is welcome to attend. It is important to note that competitor registration will open immediately following the Opening Ceremonies.

Awards Ceremony

The Awards Ceremony will take place on Thursday May 9, 2024, at 6:30 pm in Hall D of the Edmonton EXPO Centre. Admission is free and everyone is welcome to attend. The Awards Ceremony will be shown live at <http://skillsalberta.com/>

Team Alberta Information

Team Alberta will be selected at the PSCC Awards Ceremony. Gold medalists will then be eligible to participate at the Skills Canada National Competition (SCNC) on May 27- June 1, 2024, in Quebec City, QC. It is recommended that competitors review the SCNC contest description to be familiar with the national contest description and project at <http://www.skillscanada.com/>.

During the PSCC Awards Ceremony on Thursday May 9, 2024, gold medalists will be given their Team Alberta information package and will confirm their participation in the SCNC. Students must be present at the Awards Ceremony to claim their position on Team Alberta. If the Gold medalist is not able to attend SCNC, the next top ranking individuals will be asked to participate. If a student is not able to attend the Awards Ceremony a letter confirming the student's interest in Team Alberta participation must be emailed to javierad@skillsalberta.com prior to the start of competition on May 8, 2024.

Please prepare your students in advance to accept a position on Team Alberta and outline how your school will support their participation.

Questions?

Please contact Whitney Koop at whitneyk@skillsalberta.com if you have any questions regarding the Contest Description.
