CONTEST INTRODUCTION

Joinery is the process of connecting or joining two or more pieces of wood together using various wood joints. In the timber frame industry joinery is part of the overall strength and construction of bents. In fine woodworking, common forms of joinery include dovetail joints, mortise-and-tenon joints, biscuit joints, lap joints, spline joints, etc. Joiners construct doors, windows, stairs and other architectural objects. Joinery involves work both by hand and machine.

Over the course of 2 days the participants will demonstrate their Joinery abilities in assembling a project. Each participant will receive a set of plans, a workspace, materials and related power tools to complete the task.

PLEASE NOTE**

Joinery is currently not an event at the SCNC and therefore the gold medalist of the Secondary Joinery Competition will not become part of Team Alberta and will not compete at the SCNC. Medals will be awarded during the Awards Ceremony on May 8th.

PURPOSE OF CHALLENGE

- To promote the hand skills needed to be successful as a fine woodworker.
- To evaluate each contestant's competency to organize and execute a given work assignment accurately and safely in the Joinery trade.
- To recognize outstanding excellence and professionalism.

SKILLS AND KNOWLEDGE TO BE TESTED

- The ability to hand cut several joints such as:
 - Dovetails
 - Mortise and Tenon
- The ability to layout joints to be cut
- The ability to make and use a router template
- The ability to read plans and follow written and verbal instructions
- The ability to work safely and efficiently
- The ability to use the following power tools:
 - Cordless Drill
 - Drill Press
 - Orbital Sander
 - Miter Saw
 - Router Tables
 - Bandsaws
 - Laminate Trimmer
 - Track Saw

PROJECT DESCRIPTION

Please see the attached project plans that are available for competitors to practice and train. Please note that these plans are preliminary and may be subject to change. Please check the website frequently for updates. The PTC reserves the right for a 20% change to the plans prior to competition.

BOSCH

EQUIPMENT & MATERIALS

Equipment and Materials Competitors Must Supply:

CSA Approved Steel Toed Boots **MUST** be worn at all times in competition site.

The following list of tools is a recommended set of Hand Tools that will aid in the success of the competitor.

Standard Set of chisels	Combination square	Cabinet scraper
Sanding block	Metric tape and/or folding ruler	Dovetail saw
Utility Knife	Marking gauge	Wooden Mallet
Cross cut saw (fine and/or Japanese)	Pencils	Eraser
Sliding T bevel	Pencil Sharpener	Personal clamps
File or rasp used for wood	Block Plane (other planes)	

****No retail/commercial aids will be permitted in the competition. Ex. Template guides for joints**

Equipment and Materials Supplied by the Committee:

CSA Approved Safety Glass	Router Table & bits	Glue/ sandpaper
Mitre Saw	Orbital Sander	Cordless Drill
Bandsaw	Drill Press & Forstner Bits	Work bench
Laminate Trimmer	Cordless Track Saw	Portable Drill Guide
Plunge Router/Trimmer	Brad Nailer	

****No other power tools will be permitted in the competition.**

CLOTHING REQUIREMENT

Appropriate work clothing must be worn to compete. All clothing must be neat and clean and free of rips and tears. Casual wear such as shorts will not be permitted. No loose-fitting clothes or jewelry. CSA approved steel toed boots must be worn at all times (Note: Steel caps will not be provided).

SAFETY

The health, safety and welfare of all individuals involved with Skills Canada Alberta are of vital importance. Safety is a condition of participation with Skills Canada Alberta and shall not be sacrificed for the sake of expediency. At the discretion of the judges and technical committees, any competitor can be denied the right to participate should they not have the required proper safety equipment and/or act in an unsafe manner that can cause harm to themselves or others. Competitors, Judges, PTC members, and any person within the competition area, are required to wear and use all safety equipment, and follow all industry safety standards during the competition.

Competitors will not be allowed into the competition area without the required safety equipment.

JUDGING CRITERIA

Competitors will be judged on the following:

- Demonstrate skills and competencies in interpreting plans and specifications.
- Safety during project construction.
- Proper selection and use of tools.
- Ability to complete the project in specific time period.
- General tidiness of work area
- Project coordination.
- Quality and accuracy.

JUDGING CRITERIA

• <i>Dimensions</i>	30%
• <i>Construction</i>	40%
• <i>Sale ability/Finishing</i>	20%
• <i>Safety/Cleanup/Material Usage</i>	10%
<hr/>	
<i>Overall Total</i>	<i>100%</i>

TIE BREAKING PROCESS

If two or more participants are tied in points at the end of the competition, the following shall apply to determine the placing:

- Step 1. Re-evaluate the effected projects with different judges.
- Step 2. Participant who has completed the project in the least amount of time.
- Step 3. Participant with the highest Safety score.

RELATED CAREER AND TECHNOLOGY STUDIES COURSES

Descriptions of all modules are located at the following website:

<https://education.alberta.ca/media/160535/cons.pdf>

- CON 1010: CONSTRUCTION TOOLS & MATERIALS
- CON 1120: PRODUCT MANAGEMENT
- CON 1130 SOLID STOCK CONSTRUCTION
- CON1160: MANUFACTURED MATERIALS
- CON3130: FURNITURE – LEG & RAIL
- CON2140: FURNITURE – FRAME & PANEL
