## CONTEST INTRODUCTION

The purpose of this contest is to evaluate proficiency in the video communications fields. This event gives students an opportunity to explore the field of Digital Video Production, while completing the challenge of creating a short video based on a provided topic, matter, and theme.

### **Project Description:**

Competitors will create a 2:00 to 2:15 minute video using a provided theme, a provided target audience, and provided goals and objectives. This theme will be identified on the morning of the competition. The production will incorporate camera work, storytelling, audio, video editing, and style. The Skills competition will serve as the setting for the production, with all work occurring in the confines of the Edmonton Expo Centre. No footage captured prior to the competition is allowed to be used. If your project includes people other than the registered competitors, please ask for consent prior to filming. Along with their video, competitors will also submit a production brief that is one page long, single-spaced. Briefs and video projects will be submitted on the supplied USB stick.

### **Bring Your Own Device (BYOD) Information**

**IMPORTANT:** Competitors are required to bring their own device and software that meets or exceeds the stated requirements for their competition. Each competitor can choose their own device and software, so their workflow and process are what they are familiar with. If competitors are bringing a computer or laptop from their school (instead of their personal computer), please ensure that the computer is unlocked allowing for USB sticks, documents and possibly software to be saved/installed to the hard drive and IT support can be properly provided onsite. This may require administrator privileges to access the CMOS settings. All USB sticks provided for competition use will be cleared and inspected prior to being used. Participants wishing to use their cell phones for voice recording or drafting the production brief must register their devices prior to usage with a PTC member.

**Note: Computers must remain inside the competition area for the duration of the competition from when the competition begins on Day 1 to when the competition ends on Day 2 (including overnight). Competitors may supply their own locking cables if they wish.**

### **Equipment Set-up and Testing (for BYOD events)**

Before the registration and Opening Ceremonies, students who are competing in technology-based events that are a BYOD event will be given an opportunity to set up and test their equipment to ensure their equipment is fully functional and networked (where required) prior to the start of the competition. Only accredited students and educators will be permitted into the competition site for equipment drop off and testing. Students who miss the equipment and setup testing opportunity will need to set up their equipment AFTER the mandatory COMPETITOR ORIENTATION time on the day of competition. Any time that is required to set up and test their equipment on the competition day will be part of their overall competition time. The competition time for these competitors will NOT be extended.

**Equipment Set-Up and Testing for all event areas that are Bring Your Own Device will be held on Tuesday May 6, 2025, at 4:00pm (before opening ceremonies/registration).**

**SKILLS AND KNOWLEDGE TO BE TESTED:**

- Storytelling
- Production planning and design
- Camera work and effective use of audio
- Editing
- Teamwork
- Time management
- Problem solving
- Literacy

No footage captured prior to the competition is allowed to be used. All footage appearing in the final edit must have been filmed during competition time on the Edmonton Expo Centre’s property and cannot be stock footage or downloaded from other online resources (YouTube, Google Images, etc.); otherwise, this will result in disqualification. The use of generative AI tools for this competition is strictly prohibited during the competition.

**Recommendations:**

- Obtain as much information about the subject as you can. As a team, discuss different options for a possible approach and then go with the one that seems the most appealing and original.
- Begin the project with as much of a detailed plan as possible, but don’t be afraid to deviate from it if better ideas come up during shooting or editing.
- Consult with experts either on-camera or off.
- The focus should stay true to the topic.
- Backup and save work regularly.
- Teams can bring backup equipment in case of malfunctions but can only use one editing system at a time (including music and graphics). All backup equipment must only be used in emergency situations and stored elsewhere within the boundaries of the competition site.

**Competition Schedule:**

Day 1	
8:00AM – 8:30AM	Competition orientation/Project theme distribution/software troubleshooting
8:30AM -4:30PM	Planning, shooting, digitizing footage, editing
Day 2	
8:00AM -12:00PM	Editing, reshooting and digitizing if required, production brief
12:00PM	<b>Submission deadline. Video and brief. Project must be rendered and outputted by 12:00 NOON Sharp! Late entries will not be accepted.</b>
12:00PM – 3:00PM	Judging
3:00PM -4:30PM	Public screening and judge feedback

## EQUIPMENT & MATERIALS

### Equipment and Materials Competitors Must Supply:

- One computer with video editing software.
- Must be able to export a 1080p H.264 file (.mov/.m4v/.mp4).
- Up to two displays may be used.
- Tape based outputs cannot be utilized.
- Video cameras (maximum of two, video/DSLR/mirrorless/mobile device).
- Lenses (no limit on number of lenses).
- Memory cards free of previous recorded material, and a means of transferring footage to the computer (card reader, USB cable etc.).
- Cell phone registration: participants wishing to use their cell phones for voice recording or drafting the production brief must register their devices prior to usage with a PTC member.
- Battery operated lights are permitted to use. Any lights brought into the competition will require a proper floor stand as needed and/or the ability to be handheld or mountable on a camera, lighting stand, or C-stand.
- Only props found on-site are to be used during production.
- Batteries and chargers (for camera, audio devices, etc.).
- Microphones and audio recording devices (shotgun, boom, lav, handheld, wireless, external audio recorder, desktop USB mic, etc.).
- Headphones: 8mm to ¼" adapters should be considered for certain I/O devices, cameras, and audio equipment.
- Tripods, monopods, handheld stabilizers/gimbals (no rails, jibs or sliders)
- The use of drones is NOT permitted.
- USB Stick (for saving your completed videos for your own use).
- Camera mounted or handheld, battery-powered mounted lights.
- Copyright-free and Royalty free Music is allowed. Participants are encouraged to create their own music at the event. However, they may bring licensed music pre-downloaded to their device as long as they can provide proof of licensing for any music or sound effects utilized in their productions. They may preload these assets onto their devices or download them on the day of the event; both options are acceptable.
- The use of Copyrighted music is NOT permitted.
- **AI usage: The use of generative AI tools for this competition is strictly prohibited during the competition.**

At the Skills Canada National Competition (SCNC), requirements may be different from the Provincial Contest Description. Please refer to this link for the SCNC TV/Video Contest Description information. <https://www.skillscompetencescanada.com/en/event/scnc2025/>

### **CONTEST SPECIFIC RULES**

Contest specific rules cannot contradict or take priority over the Competition Rules. They do provide specific details and clarity in areas that may vary from contest to contest. Any additional contest rules will be reviewed during competitor orientation.

### Project Details

- At the beginning of the playback, there needs to be a slate for :04 indicating team number and school name. The slate does not count for the total time of the video.
- Only props found on site are to be used during the competition.
- No footage captured prior to the competition is allowed to be used. Use of previously acquired audio or video content will result in the entry being disqualified.
- Coaches are not to help, supply props or appear in their team's video. The video submission may be disqualified if this occurs. Technical assistance may be permitted with the oversight of a Provincial Technical Committee (PTC) member.
- There are no restrictions on the use of the editing software including effects, generators, titles, colour correction, plugins, templates, etc. These must be loaded onto editing system prior to arriving on site. Please see above note regarding the use of AI.
- Completed videos must be within +/- 4 seconds of the specified length. If the length is more than +/- 4 seconds, the video will not be judged.
- Competitors must submit final videos via the USB drive supplied at or before 12:00pm (NOON) on Day 2 of the competition. Videos must be copied to the supplied USB drive or be in the exporting phase.
- Final videos must be named using the naming convention provided in the project brief.
- All editing must be completed in the skill area. Videos edited outside of the skill area will be disqualified.
- It is the responsibility of the competitors to obtain permission of PTC members to record in other contest areas. They must also ask about and take proper safety precautions.
- **File name format for submission on provided USB stick is as follows:**  
**Team XX – School Name - City**  
For example: Team 02 - Riverdale High School – Riverdale
- Create a single-spaced, one-page Microsoft Word or Text document production brief using the template provided (sample attached). Submit the document on the provided USB stick with their video, stating the following:
  - Target audience
  - Goals and objectives
  - Pre-Production planning that occurred
  - Approach
  - Summary/treatment
  - Equipment used
  - Innovative solutions to problems
- **Clearly mark all your equipment. Competitors will assume full responsibility for all equipment.**

- Video and audio acquired **MUST** originate from the Provincial Skills Canada Competition on provincial competition days.

### Clothing Requirement

Appropriate work clothing must be worn to compete. On-camera talent should wear appropriate clothing with no visible brand logos and/or slogans and no school/team identification. Casual wear such as shorts will not be permitted. No loose-fitting clothes or jewelry.

### SAFETY

The health, safety and welfare of all individuals involved with Skills Canada Alberta are of vital importance. Safety is a condition of participation with Skills Canada Alberta and shall not be sacrificed for the sake of expediency.

At the discretion of the judges and technical committees, any competitor can be denied the right to participate should they not have the required proper safety equipment and/or act in an unsafe manner that can cause harm to themselves or others.

If competitors wish to enter other areas of competition, they will need to make arrangements with the Provincial Technical Committee (PTC) Members or Chair of that area.
