What was the first thing that went through your mind when you realized you had made Team Canada?

"I couldn't believe it at first, just super excited to know that all my hard work had paid off."

What are you most excited to experience in Shanghai, China?

"Meeting all the other competitors and seeing how they do the same trade as me but differently across the world."

Do you have any words of encouragement for future Skills competitors?

"Trust the process; training isn't something you do in a day. It takes time but eventually it will pay off."

What do you love most about your trade/technology?

"I love the hands on part of it, being able to start with just an idea and turn it into something functional and useful is awesome."

What has been the best part of your Skills journey so far?

"The opportunities it has opened for me and the people I've met has definitely been the best part of Skills."
