

DAVID JONES

Team Canada Trainer

TRADE: Carpentry

INSTITUTE: Lakeland College

COMPETITOR: Logan Peters

HOMETOWN: Vermillion, AB

What was the first thing that went through your mind when you realized your competitor made Team Canada?

"Carpentry hasn't always gone to worlds, so we never found out we were going till 2 months after nationals. When I did find out, I just laughed with disbelief. I felt proud of what my competitor and I were able to do to get us to this point."

What made you want to train competitors for Skills competitions?

"This is the second year of training competitors for me. One of my coworkers asked if I would be willing to train competitors and I agreed. I do enjoy training, being able to pass on different knowledge and be there to bounce ideas and questions off of."

What do you think sets your competitor apart from the others in their skill area?

"His attention to details. He mixes speed, finishing and dimensions very well."

What are you most excited to experience in Shanghai, China?

"Seeing Skills on a World stage as well as seeing different architecture with the buildings as well as experience some of the culture."
