

# 2026 Provincial Skills Canada Competition

## Contest Description

Edmonton Expo Centre, Edmonton

May 6 & 7, 2026

EVENT: 3D Digital Game Art	LEVEL: Secondary
<b>EQUIPMENT DROP OFF, SET-UP AND TESTING</b> <b>MAY 5:</b> 4:00PM – 5:30PM	<b>LOCATION:</b> Hall E Edmonton Expo Centre, Edmonton
<b>COMPETITION START &amp; END TIMES:</b> <b>MAY 6:</b> 8:00 AM – 5:00 PM <b>MAY 7:</b> 8:00 AM – 12:30PM (Detailed schedule below)	<b>REGIONALIZED:</b> NO
<b>DURATION:</b> 13.5 hrs. (over 2 days)	<b>WORLD SKILLS TRADE #:</b> 50

***Please Note: This document is subject to change as competition information is updated. Competitors are responsible for staying up to date with the most recent information. Check the footer for last updated date. Changes will be highlighted in yellow.***

### GENERAL DESCRIPTION

[https://www.skillscompetencescanada.com/en/skill\\_area/3d-digital-game-art-technology-careers-skills-competences-canada/](https://www.skillscompetencescanada.com/en/skill_area/3d-digital-game-art-technology-careers-skills-competences-canada/).

3D Digital Game Art is a post-secondary competition only Nationally. The competitor that moves onto Team Alberta, will be competing at a post-secondary level including post-secondary level projects.

### Purpose of the Challenge:

To provide competitors an opportunity to demonstrate their knowledge of 3D Digital Game Art. This competition simulates real world production from concept to delivery.

### Skills and Knowledge to be Tested:

- Interpretation of Design Brief
- 3D Modelling – Hard Surface and Sculpting
- UV Unwrapping & Texturing Objects of a Variety of Detail Levels
- Scene Composition and Lighting
- Rigging and Animation of Assets
- Importing Assets and Testing Functionality in Game Engine
- Organization & File Management
- Exporting & Uploading Files

# 2026 Provincial Skills Canada Competition

## **Project:**

To reflect the process used in the 3D digital art industry, the project will be structured in duration and required form. Examples of forms might include gaming, animation, movies, instruction, advertising, business, re-enactments, or simulations. The competition is completed as an individual. The final project files must be submitted and remain with Skills Canada Alberta, but students are allowed to take their completed project files at the end of the event. All project submissions are owned by the competitors, but the competitor acknowledges that submissions can be used to publicize and raise awareness of the Skills movement through Skills Canada Alberta media platforms.

**Days of Competition** - The two days of competition will be broken into modules for a total of 13.5 hours. Day 1 will consist of the hard surface, UV unwrapping, sculpting, and texturing modules. Day 2 will begin with the animation module and end with the game engine module.

## **Additional Competition Information and Expectations:**

1. Nowhere within the models or rendering should the name of the students, or their school brand be present. *Competitors must be able to export their models with animations to be placed within their game engine of choice within the time allowed* so that final judging can commence at 12:30 pm on Day 2 of competition.
2. The competitor will work independently. Instructors and/or observers will give no assistance and are not allowed in the competition area except with the permission of the Provincial Technical Committee (PTC). **This also means that AI is not to be used for any module of the competition.**
3. Judging will begin during Day 1 for the concept art module, after Day 1 for the modelling, UV, and texturing modules, and at the conclusion of the competition on Day 2. Judges, where possible, will prepare brief reflective comments that may be shared with teams via email after the competition. This feedback is not guaranteed as judges return to very busy work schedules after the competition concludes and judging is a very time-consuming task.
4. While this is an extremely safe working environment, there are environmental stresses. Students should bring layered clothing to allow for heat or cold, earbuds or headphones that allow for quiet or for the playing of music, and anything else they may feel will help them to sit for two days at a computer, in a folding chair, in a 'large hall' environment.

# 2026 Provincial Skills Canada Competition

## SCHEDULE

### Day 1

8:00 AM – 8:05 AM	Safety brief and last-minute questions.
8:05 AM – 12:00 PM	Production Time
12:00 PM – 12:45 PM	Lunch
12:45 PM – 5:00 PM	Production Time

### Day 2

8:00 AM – 12:30 PM	Production Time
12:30 PM	Competition ends and students submit their final products.  Game engine submissions will be judged on your workstation. You will leave for lunch and come back to clear your space when judging is done. Judging is anticipated to take 1 hour. In the case you return, and judging is not complete you will be granted entrance to the space when game engine scores are finalized.

## Equipment and Materials

### Equipment and Materials Supplied by the Committee:

- Table and Chair
- Secondary monitor for showcasing your work

### Equipment and Materials Competitors Must Supply:

- Competitors are required to bring their own device and software for the competition. Each competitor can choose their own device and software, so their workflow and process are what they are familiar with.
- If competitors are bringing a computer or laptop from their school (instead of their personal computer), please ensure that the computer is unlocked so documents and possibly software can be saved/installed to the hard drive and technology support can be provided onsite. This may require access to CMOS settings.

# 2026 Provincial Skills Canada Competition

- Students may bring one computer and one spare machine. Your spare machine is only to be used in case of primary device failure!
- Competitors must provide their own power bar and extension cords. Spares **may** be available but cannot be relied upon.

## Recommended Minimum Hardware Requirements:

- Intel i7 CPU (10 series or higher) or AMD Ryzen 5 CPU (5000 series or higher)
- 1 TB HD
- 16GB RAM (DDR4 or higher)
- Dedicated video card (recommended RTX20-series or above / ray tracing compatible) **with multiple monitor capabilities. We are showcasing your work through a secondary external monitor. Your machine must be capable of connecting to the provided monitor. Cables to connect to the external display for showcasing your work will be provided. (HDMI or DisplayPort)**
- Flat Panel Display 1920 X 1080
- Operating System – Windows 10 or 11 64 Bit
- Wi-Fi enabled computer system

## Suggested software (recommended versions in brackets):

- 3D Software : 3D Studio Max (2023+), Maya (2023+), Blender (4.2+), Zbrush (2022+)
- Texturing Software: Substance Painter, Marmoset Toolbag (4+)
- Game Engine: Unreal Engine (5.4+)

## Additional Equipment and material suggested:

- Tablet (Driver compatible with your system already installed)
- Headphones
- Pencils and erasers

Competitors are required to contact the technical chair by **April 20, 2026**, at [david.brown@grasslands.ab.ca](mailto:david.brown@grasslands.ab.ca) to advise the committee what software they will be using if it is not listed above. Competitors should be prepared to use the software provided by the committee if installing their desired software is unsuccessful.

## Bring Your Own Device (BYOD) Information

Competitors are required to bring their own device and software that meets or exceeds the stated requirements for their competition. Each competitor can choose their own device and software, so their workflow and process are what they are familiar with. If competitors are bringing a computer or laptop from their school (instead of their personal computer), please ensure that the computer is unlocked allowing for USB sticks, documents and possibly software to be saved/installed to the hard

# 2026 Provincial Skills Canada Competition

drive, and so that IT support can be properly provided onsite. This may require administrator privileges to access the CMOS settings. All USB sticks provided for competition use will be cleared and inspected prior to being used.

**Note:** Computers must remain inside the competition area for the duration of the competition from the time the competition begins on Day 1 to when the competition ends on Day 2 (including overnight). Competitors may supply their own locking cables if they wish.

### **Equipment Set-up and Testing (for BYOD events)**

Before the Opening Ceremonies and registration, competitors who are competing in technology-based events that are a BYOD event will be given an opportunity to set up and test their equipment to ensure it is fully functional and networked (where required) prior to the start of the competition. Only accredited competitors and educators will be permitted into the competition site for equipment drop off and testing. Students who miss the equipment setup and testing opportunity will need to set up their equipment AFTER the mandatory COMPETITOR ORIENTATION time on the day of competition. Any time that is required to set up and test their equipment on the competition day will be part of their overall competition time. The competition time for these competitors will NOT be extended.

**Equipment Set-Up and Testing will be held on Tuesday May 5, 2026, at 4:00PM.**

### **Test Project**

The test project will be provided to help competitors understand the requirements of the competition allowing for practice of the necessary skills needed for the event. This differs from our national event which only provides basic details in advance. This is done to ensure you can create quality assets with the limited time provided. Please note this project can be changed by the PTC prior to the on-site event. Only a maximum of 30% of the requirements can be adjusted.

### **Competition Specific Rules**

The following Competition Specific rules along with SCA's overall Policies and Procedures provide specific details in competition areas that may vary from one another. Any additional contest rules will be reviewed during the Competitor Orientation.

Topic/Task	Contest Specific Rule
Use of Technology	Competitors are <b>not allowed to use</b> additional laptops, tablets, cameras, cell phones, calculators or other personal electronics in the competition area unless specified by the committee for certain tasks.

# 2026 Provincial Skills Canada Competition

Use of Artificial Intelligence (AI)	Competitors <b>cannot</b> use AI to develop/generate any of the submitted work for any aspects of the competition.
-------------------------------------	--

## Clothing Requirement

Appropriate work clothing must be worn to compete. All clothing must be neat and clean and free of rips and tears. Casual wear such as shorts will not be permitted. Close Toed Shoes must be worn. **No** visible school name or logo on any clothing worn during the competition.

## SAFETY

The health, safety, and welfare of all individuals involved with Skills Canada Alberta are of vital importance. Safety is a condition of participation with Skills Canada Alberta and shall not be sacrificed for the sake of expediency. At the discretion of the judges and technical committees, any competitor can be denied the right to participate should they not have the required proper safety equipment and/or act in an unsafe manner that can cause harm to themselves or others.

## JUDGING CRITERIA

### Point Breakdown: Total / 100%

The final engine submission, texture maps, and models from each competitor will be viewed and assessed individually by the judges. Tabulation sheets will be given to the members of the PTC for verification of scores. In the event of a tie, judges will be asked to confer and come to a consensus on the winners. Judges will direct any questions to members of the PTC only.

**NOTE: AI cannot be used to support any of the work to be completed in this competition. Also, any references used for your work must be properly credited in your submissions. Using AI or failing to credit your references could result in disqualification.**

### Task Breakdown:

- 3D Modelling (40% total)
  - Hard Surface Models (22%)
  - Sculpted and Retopologized Model (18%)
- UV Mapping & Texturing (23% total)
  - UV Maps (8%)
  - Textures (15%)
- Animation & Rigging (12%)
- Exporting Models & Importing into Game Engine (15%)
- Work Organization & Management (proper naming, hierarchy organization, etc.) (5%)
- Communication (completion of the module work log using the provided template) (5%)

**Total: 100%**

# 2026 Provincial Skills Canada Competition

## Ties

Tiebreaker #1: The individual with the highest score in the hard surface modelling task Criteria will be declared the winner.

Tiebreaker #2: If there is also a tie in the hard surface modelling task, then the highest score in the texturing task will be declared the winner.

Tiebreaker #3: If there is also a tie in the texturing task then the highest score in the animation and rigging task will be declared the winner.

## Rubric

This skill event utilizes the CIS marking system that is used by Nationals and WorldSkills, therefore the marking scheme is not provided in advance.

## ADDITIONAL INFORMATION

### Skillz & Thrillz Podcast

Check out our podcast – Skillz & Thrillz: Alberta’s Trade & Tech Youth Podcast. Our talented alumni share tips and tricks on how to succeed in competitions and your career! Their insights can help you prepare for your Skills journey, and who knows, you might just be a future guest!

### Skills Canada Alberta Regional and Provincial Rules and Regulations

[Regional and Provincial Rules and Regulations](#)

### Project Change at the Competition

Where a Test Project has been circulated to competitors in advance, the PTC can change the project up to a maximum of 30% of the work content for the competition.

### Competitor Registration

Registration for the Provincial Skills Canada Competition (PSCC) will open online on January 14, 2026 @ 3:30 PM. Please refer to this competitions event page for additional registration and competition information: <https://skillsalberta.com/competition/>

### Lunch

Lunch for accredited competitors will be provided by Skills Canada Alberta.

### Parking & Venue Maps

Parking is FREE for all attendees.

Attendees **MUST** register for FREE parking by clicking the below link. Attendees can pre-register their vehicle at anytime prior to the PSCC or register onsite at the PSCC.

<https://www.offstreet.io/events/CBLHM7U1>

<http://edmontonexpocentre.com/attend/parking/>

### **Opening Ceremonies / Competitor Onsite Registration**

Opening Ceremonies for the PSCC will take place on Tuesday May 5, 2026, at 6:00 PM in Hall D of the Edmonton EXPO Centre. Admission is free, and everyone is welcome to attend. It is important to note that competitor registration will open immediately following the Opening Ceremonies.

### **Awards Ceremony**

The Awards Ceremony will take place on Thursday May 7, 2026, at 6:30 PM in Hall D of the Edmonton EXPO Centre. Admission is free and everyone is welcome to attend. The Awards Ceremony will be shown live at <http://skillsalberta.com/>

### **Team Alberta Information**

Team Alberta will be selected at the PSCC Awards Ceremony. Gold medalists will then be eligible to participate at the Skills Canada National Competition (SCNC) on May 27- May 30, 2026, in Toronto, Ont. It is recommended that competitors review and become familiar with the SCNC contest description and project at <https://www.skillscompetencescanada.com/en/event/skills-canada-national-competition-2026/>

During the PSCC Awards Ceremony on Thursday May 7, 2026, Gold medalists will be given their Team Alberta information package and will confirm their participation in the SCNC. Students must be present at the Awards Ceremony to claim their position on Team Alberta. If the Gold medalist is not able to attend SCNC, the next highest-ranking individual will be asked to participate. If a student is not able to attend the Awards Ceremony an email confirming the student's interest in Team Alberta participation must be emailed to [javierad@skillsalberta.com](mailto:javierad@skillsalberta.com) prior to the start of competition on May 6, 2026.

**Please prepare your students in advance to accept a position on Team Alberta and review how your school will support their participation.**

**Please see this link for additional Team Alberta information: <https://skillsalberta.com/team-alberta/>**
